

The top three places you must travel to

Surveys have found out that most of the people in Austria stay at home for the holidays. So, I want to tell you about my top three places you must travel to.

Personally I love to travel around the world. Me and my family are traveling a lot. The last year we stayed in Austria most of the time, because of the corona virus.

During the Lockdown my family and I couldn't travel to many countries, so we decided to go to Germany this year. That doesn't mean that I don't like Austria. I love it and if you don't live there, you should visit it.

Our trip started in the summer holidays. We went to the north of the beautiful country. We lived in a hotel right next to the Baltic Sea for three days. It's a wonderful place. The beach and the sea are unbelievably lovely. The days we spent there, were ones of the best in my entire life. I would recommend coming there.

The next place I want to go is London. My parents travelled there two times and they said it's a beautiful city and it's a great option to learn the language a little bit better.

That's it for my three favourite places and countries. What are your favourite places and where do you want to travel next?
